

# COYOTE SUNGLASSES

## Technical and Warranty info

Coyote Eyewear means quality and customer service

All Coyote Eyewear offer 100% UVA, B, C protection

### Technical Data

#### Bi-Focal / Reader - "Exclusive" Patent Pending

Multi layer lens, with a reading power laminated to the lens. Class 1 optical lens is impact resistant, de-centered. Sport Design Lens - From the ground up, this lens is made for sport. Power lens for fishing, driving, & reading

Gray	Direct harsh light. (VLT-16%)
Brown	High contrast. (VLT-16%)

**Sun Reader - Same Specs, No Polarization**

#### Glass Polarized Lens

A state of the art lens for glare reduction. Our horizontal polarizing filter (HPF) with the optical clarity and scratch resistance of glass is the finest lens available.

PZG B-15/Brown	Sharpest detail and contrast on-land and water. (VLT-15%)
PZG G-15/Gray/Green	Crisp, clear natural colors with the ability to overpower glare. (VLT-15%)

**AR - Anti reflective back coating eliminates reflected light from back of lens**

#### Polycarbonate Polarized Lens Data

5 layers provide outstanding protection from glare, impact, scratches, and water. HPF eliminates all types of reflected glare. Unbreakable.

PC Polarized Copper	Contrast and detail enhancing for the widest range of lighting conditions. Sun, clouds, haze and fog. (VLT-18%)
PC Polarized Gray	"Cools" even the harshest of glare. Best suited for the direct sunlight. (VLT - 12%)
Gradient PC Polarized	Darker top fades to lighter bottom for reading and driving. (Gray - VLT 16%, Brown - VLT 23%)
PC Polarized Flash Rose	Detail enhancing. Great for snow. Flash mirror added for visual comfort. (VLT-16%)

#### No Fault Replacement

- Consumers may send in their broken eyewear for full replacement with **Original Receipt**.
- The item will be replaced with original style or the closest current design.
- There is a **modest charge** for this service.
- Standard repair service is still available.

#### Frame Data

Handmade frames are produced with up to 35 individual steps.

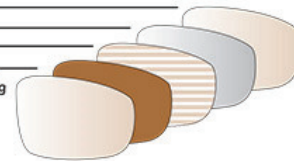

Monel	Metal comprised of a combination of nickel and zinc. Strong, durable and lightweight.
Zyl	Handmade Italian zyl originates from the natural fiber cotton. Rich colors and a silky feel.
TR-90/ Nylon	Grilamid & polyamide, for sport frames that are durable, lightweight and flexible.
Hinge	Coyote uses premium quality European spring hinges.
